University of British Columbia, Sauder School of Business

Master of Business Analytics | Cumulative GPA: 3.7/4.33 (A-)

Aug 2025 to Sep 2026

Selected Coursework: Applied Statistics, Data Engineering, Visualization, Analytics for Business Decision Making.

Simon Fraser University, Beedie School of Business

Bachelor of Business Administration in Finance | Cumulative GPA: 3.7/4.33 (A-)

Jan 2021 to Dec 2024

President & Dean Honor Roll

Selected Coursework: Data Analytics & Visualization, Data and Decision Making, Business Technology Management, Chance and Data Analysis, Experimental and Observational Data.

PROFESSIONAL EXPERIENCE

Real Estate Media Company | Vancouver, BC

May 2026 to Present

- Analyzed marketing and operations data, including leads, bookings, conversion rates, campaign performance, and service utilization, to support customer acquisition and service delivery decisions.
- Built KPI reports and dashboard-ready summaries to track lead-to-booking conversion, customer acquisition cost, revenue per listing, turnaround time, and campaign effectiveness.
- Cleaned, validated, and consolidated CRM, booking, and marketing platform data to improve reporting accuracy and support data-driven performance analysis.
- Translated booking trends, digital channel performance, and operational insights into business-friendly recommendations for marketing, creative, and management teams.

Jiahe Education Consulting Ltd | Richmond, BC

Marketing Data Analyst Intern

May 2026 to Present

- Supported paid campaign tracking by monitoring traffic, engagement, lead generation, response rate, and conversion-related metrics across digital marketing channels.
- Built Excel-based KPI scorecards and performance summaries to evaluate campaign effectiveness, content performance, customer inquiries, and lead conversion outcomes.
- Cleaned, validated, and consolidated marketing data to improve reporting accuracy and support data-driven campaign optimization decisions.
- Analyzed campaign and content performance trends, translating findings into stakeholder-ready insights, recommendations, and next-step actions.

Michelin Corporation | Shanghai, China

Marketing Data Analyst Intern

Feb 2025 to Apr 2025

- Analyzed 150K+ rows of multi-source marketing campaign data using Excel and Python; cleaned, validated, and structured datasets to support weekly KPI reporting and campaign optimization discussions.
- Built recurring performance reports across 6 regions, improving reporting turnaround by approximately 30% and helping stakeholders identify trends, performance gaps, and business opportunities.
- Queried SQL datasets to summarize 8–10 regional KPIs and translated findings into executive-ready insights and recommendations for marketing decision-making.

Loewe Corporation | Vancouver, Canada

Marketing Intern

Feb 2024 to Apr 2024

- Integrated 3 structured datasets with approximately 120K rows into an analysis-ready reporting table; performed data QA and standardized fields to improve reporting reliability.
- Built repeatable KPI reports and visualization materials to communicate marketing performance drivers, limitations, and recommended actions.
- Analyzed marketing and business performance trends, translating findings into stakeholder-ready summaries and practical recommendations.

Confident Capital, Inc | Redwood City, CA, USA

Finance and Accounting Associate

May 2024 to Jun 2024

- Standardized recurring reporting and documentation workflows by creating 4 reusable templates and SOPs, improving process consistency and reducing recurring corrections.
- Reconciled monthly transactions for 6 corporate accounts and maintained audit-ready records to support accurate financial reporting and analysis.
- Wrote concise analytical notes based on multi-year financial statements to support partner review and decision-making.

PEOPLE ANALYTICS PROJECT

Dec 2025 to Present

Workforce Analytics Capstone (MBAN)

- Integrated 3 structured datasets totaling 120k+ rows to build an analysis-ready reporting table; cleaned data, standardized fields, and documented assumptions for repeatable analysis.
- Defined and documented 12 workforce KPIs with calculation logic to support consistent reporting, visualization, and stakeholder interpretation.
- Analyzed key drivers of turnover risk and time-to-fill, then presented findings in a stakeholder-ready slide deck and written brief with prioritized recommendations.

TECHNICAL SKILLS

Marketing & Ecommerce Analytics: PPC / Paid Search | Campaign Analysis | Ecommerce KPIs | ROAS | CPC | CTR | CVR

Data & Reporting: SQL | Python | Excel | Data Cleaning | KPI Reporting | Dashboarding

AI Tools: ChatGPT | Claude | Perplexity

Professional Summary

Graduate Business Analytics student with experience in data analysis, KPI reporting, data validation, workflow documentation, and stakeholder reporting. Proficient in SQL, Python, and Excel for cleaning, querying, and analyzing structured data. Experienced in building analysis-ready datasets, documenting assumptions and processes, and translating findings into clear written summaries. Interested in public-sector research, reporting automation, dashboards, and data quality assurance.
